

## Peace In Palestine— Arab Looters Of Israel Were Hired By Faruk. Observer Tells Methodists

By CLYDE K. JOHNSON  
Daily Sun Staff

A Christian minister who knows Israel like a book declared here Thursday night that the "errands of mercy" being waged by foreigners who looted, plundered and destroyed while on "errands of mischief" for Egyptian King

"There are as many Arabs who are illegal immigrants in Palestine as there are Jews," declared Jackman.

Referring to the present, Jackman said "there is only one way the United Nations can internationalize Jerusalem, and that is to kill every Jew."

He shared the interna-

“It was not the Palestinian Arab, because in Palestine the Jews and Arabs don't hate each other,” said the Rev. James J. Fackman, pastor of the Holy Land, who addressed some 120 persons at a meeting of the First Methodist Church Men's Dinner Club.

Declaring that Arabs and six states are hired to invade the Holy Land, Jackman said the

colonization proposal was backed by Russia's Premier Stalin and the Roman Catholic pope.

Following his address Jackman showed a movie of Palestine and its people, who he said are “the same people as those in Texas or California,” and said to the same passions as you.”

“The thing that opened my eyes

small Jewish army without the attacks, some of which were led by top-ranking British officers.

King Farouk had promised to make a certain prominent Arab the captain of the Egyptian army, but the Jews were afraid that the Jews were conquering Palestine was conquered, Jackman said. The speaker then related this Arab's back-

more than anything else was that on the shores of the Nile, where the British medical clinic was to administer to ailing Arabs," he said, emphasizing that the conflicts in the Holy nation are instigated by Arab hands.

Jackman said he had spent 17 years in Palestine and loved the people there. He announced he

where they grow oranges—not Sukkist marbles.”

He compared the nation with California, climatically.

When the speaker, Dr. Erwin F. Bohmalk, First Methodist pastor, said Jackman was a minister of the Disciples Christian church, he was speaking of Palestine “entirely on his own.”

All during these war years, Jackman continued, 6,000,000 Jews were killed, 1,250,000 of them children under 12 years of age. It was after all this bloodshed and crimes that King Faruk announced that Arab would be leader of the Moslems.

Today, Jackman said, there is peace in Palestine. They have an honest government, he related, quoting passages from the state of Israel's constitution.

The speaker compared the Arab with the "Wetback" so well known in Texas. Both seek a promised land, and find it.

recently returned for visits in America.

Thirty guests attended the dinner-meeting. Tom Eady supervised introduction of guests and J. S. Tekell welcomed the group as guests.

Brahmfolk led a sing-song.

Rev. D. A. Chisholm, superintendent of the Corsicana Methodist district, gave the invocation, and Rev. E. L. Craig, pastor of the Eleventh Avenue Methodist church, said the benediction.

Members of the Church's Women's Society of Christian Service prepared and served the dinner.

## 1950 Census Expected To Reveal Vast Increase In Housing Units

Despite wartime brakes on residential construction in the first half of the 1940-1950 decade, the 17th decennial census to be taken in April is expected to reveal the largest 10-year numerical increase in dwelling units in the nation's families, as defined for the earlier censuses, is nearly synonymous with that of occupied dwelling units.

The number of occupied dwelling units (families) as reported for each census from 1890 and their

The 1940 census of housing enumerated 37,325,470 dwelling units. The 1950 census of housing is expected to reveal a record increase of about 8,000,000 units to an approximate total of 45,000,000 units.

Of the units counted in 1940, about 34,000,000 were occupied at the time of the census, April 1, and nearly 2,500,000 were reported vacant. Because of an unabated demand for more housing, the in-

crease in the number of occupied units is expected to exceed even the increase in the number of vacant units, and will have a bearing on the number of vacant units reported as compared with 1940.

No national housing census was taken before 1940, and the number of vacant dwelling units has never been ascertained for earlier years.

**Families Counted**

Prior to 1940, the decennial census did not count dwelling units as such but the number of

Applications for the jobs may be made at the census office or at the Texas Employment Commission office.

## Two Injured As Auto Overturns

David Miam and Thurman D. Pryon, both of Corsicana, were injured about 4 p. m. Saturday four miles west on the Drane road, when their car overturned about 400 feet from the intersection of the road with the Navarro Clinic for treatment.

Highway patrolmen said the wrecked car was passing another at the time of the accident. The vehicle flipped over on its back after moving onto the dirt shoulder.

The cause of death, Dr. Joseph said, was "profuse hemorrhage caused by bullet wounds severing a large artery above the heart."

He showed the jury where he

found a bullet wound on Mason's body, just above the heart.

No Weapon Found.

Clyde E. Owens, an employee of an Alice funeral home, testified he answered the call for an ambulance and found Mason lying on a porch at the Alice Pipe and Supply company.

Mason was not conscious but was alive, Owens said. Owens said he removed Mason's clothes at the funeral home and embalmed the body.

Homer Dean, Jr., district attorney from Alice, asked Owens "Did you find any gun or other weapon on Mason's body?"

"No, sir," Owens replied. Owens showed the jury where he found a hole in the left front side of Mason's body and another on the right back side near the arm pit. He said it was his opinion the bullet entered the front and went out the back about one or two inches below the point of entry.

About 350 spectators crowded the courtroom, many of them lining the walls. At 9:40 a. m.—ten minutes after court opened—Judge Wesley Dice instructed Sheriff E. T. Ray not to let anyone else in.

Present taxes are expected to bring in about \$37,300,000 this year. This will be about \$5,500,000 short of anticipated expenditures.

In asking an over-all increase of \$1,000,000,000 in taxes, Mr. Truman retorted from the \$4,000,000,000 boost he recommended last year and which congress ignored.

This time he made no mention of higher taxes for middle and upper bracket individuals, such as was included in his \$4,000,000,000 bill.

Many congress members had anticipated the President's new message would take into account the reality that congress probably would be slow, since this is an election year, to put new taxes on individuals or much larger burdens in any other direction.

## Truman Message

CONTINUED FROM FIRST PAGE

As an example of what he had in mind there, Mr. Truman said that if a man leaves an estate of \$300,000 to a wife and three children, the estate must pay a tax of \$17,500.

But a man of the same wealth he said, could give \$150,000 to his family over a five-year period, leave an estate of \$120,000 and there would be no taxes.

Spread out that way, the gifts would be tax exempt. The remaining \$120,000 would be under the \$60,000 estate exemption (\$60,000 to the widow and \$60,000 to the three children).

The message avoided many details in the proposed tax legislation, leaving this to be filled in later by the treasury department.

However, the President made it plain that he would veto any tax cut that does not at the same time bring in new revenue to make up the loss.

In his 4,500-word message, the President discussed at considerable length "shocking" loopholes which he said allow some persons and interests to escape millions in taxes.

As one example, he said that "under present law producers of motion pictures and their star players have attempted to avoid taxes by creating temporary corporations which are dissolved after making one film."

He said one oil operator, because of the depletion allowance, was able to develop properties yielding \$5,000,000 a year, but paid only \$100,000 taxes over a five-year period although his income from non-oil sources alone averaged almost \$1,000,000 a year.

Mr. Truman did not identify the oil man.

He mentioned also revenues being lost "through the abuse of the tax exemption accorded educational and charitable organizations."

On that, the President said there are instances where the exemption accorded charitable trust funds "has been used as a cloak for speculative business ventures, and the funds intended for charitable purposes buttressed by tax exemption, have been used to retain control over a wide variety of industrial enterprises."

Mr. Truman also said that as a result of a "quirk in the present law" life insurance companies have unintentionally been relieved of income taxes since 1946 of \$1,500,000,000 of investment income a year.

Present taxes are expected to bring in about \$37,300,000 this year. This will be about \$5,500,000 short of anticipated expenditures.

In asking an over-all increase of \$1,000,000,000 in taxes, Mr. Truman retorted from the \$4,000,000,000 boost he recommended last year and which congress ignored.

This time he made no mention of higher taxes for middle and upper bracket individuals, such as was included in his \$4,000,000,000 bill.

Many congress members had anticipated the President's new message would take into account the reality that congress probably would be slow, since this is an election year, to put new taxes on individuals or much larger burdens in any other direction.

## Seven Excise Tax Slashes On Book; Others Passed Up

WASHINGTON, Jan. 23.—(AP)—President Truman's proposals to-day for excise tax cuts singled out seven taxes estimated to yield the government \$1,326,000,000 a year at present rates.

The President said nothing about cutting a long list of other sales taxes while he has figured will yield another \$631,000,000 in the year beginning July 1.

Liquor taxes, which raise \$2,290,000,000 and tobacco taxes, figures at \$1,352,000,000, are the big items among the taxes Mr. Truman apparently wants left at present rates.

Four of the seven taxes marked for reductions make up the complete present list of federal levies on retailers' sales. These are all at the rate of 20 per cent of the retail value of the goods.

The items subject to tax and estimates of their 1951 yield at present rates are:

Jewelry \$201,000,000; furs, \$55,000,000; toilet preparations including baby oil, \$95,000,000; luggage, including women's handbags and men's wallets, \$50,000,000. Total yield: \$431,000,000.

10 Percent Talked  
The talk has been that the 20 per cent tax rate might be cut to ten per cent.

The other three excises specified by the President are:

Long distance telephone and telegraph messages, estimated to yield \$325,000,000 at the present 25 per cent rate. A 15 per cent tax has been mentioned in congress.

Transportation of property, meaning the tax on freight hauls, calculated to raise \$350,000 at the present three per cent rate.

The principal excise taxes not mentioned by Mr. Truman and their estimated yield this year include:

Admissions to movies and stage plays, 20 per cent, \$395,000,000; night clubs, etc., 20 per cent of charges, \$40,000,000.

Club dues and initiation fees, 20 per cent, \$10,000,000.

Also the following taxes actually paid by manufacturers but reflected in retail prices:

Cars and Trucks  
Passenger cars and motorcycles, five per cent of manufacturers price, \$350,000,000; trucks, buses and trailers, five per cent, \$105,000,000; auto parts and accessories, five per cent, \$80,000,000.

Electric light bulbs, 20 per cent \$25,000,000.

Refrigerators and air conditioners, 10 per cent, \$85,000,000.

Business machines, 10 per cent, \$30,000,000.

Photographic apparatus (25 per cent on cameras and equipment, and 15 per cent on films, plates, etc.) \$40,000,000.

Sporting goods, 10 per cent, \$18,000,000.

The alcoholic beverage taxes which yield \$2,290,000,000 at present rates range from \$8 a barrel on beer and 15 per cent on low alcoholic content things to \$9 a gallon on 100 proof whiskey.

Also ignored by Mr. Truman in his recommendations for reductions were such miscellaneous levies as:

Local telephone service, 15 per cent, \$255,000,000; coin-operated amusement and gambling devices (\$100 a year for slot machines, \$20 a year for pool tables and bowling alleys and \$10 a year for other amusement of music machines) \$25,000,000.

## STATE BOARD

CONTINUED FROM FIRST PAGE

undertake the program on the long-range basis," he said.

Gilmer told the board that the program should be undertaken as quickly as possible but added: "There are some things that require time. We can't possibly spend all the money at once."

Board member Dr. Walter C. Goudard of Austin said that he thought \$5,000,000 a year would be a rate of revenue for the building program "consistent with the growing knowledge of this board on how best to spend it."

Gilmer said the board's formal recommendation to the legislature, which meets in special session here next week specifically to deal with the state's elementary problems, also call for full latitude to be left to the board in spending money accruing to the program by directing it to "developing needs."

## Decrease In Forest Fires

COLLEGE STATION, Jan. 23.—(AP)—There were fewer forest fires in Texas last year than in any year since the Texas Forest service was organized.

The service reported today only 834 forest fires in 1949. This was a big drop from the 3,352 fires fought in 1948. In 1947 there were 3,020 fires.

J. O. Burnside, head of the Forest Fire Control department, said the 1949 excellent record could not have been established without the cooperation of the people of East Texas.

He said favorable weather also played a big part in holding down fires.

## Football Champs Of 1949 Honor Guests At Dinner

Bohmalk Makes Address; Coaches Presented Gifts

By TALMADGE CANANT, Sun Sports Staff.

Fans, friends and followers of the State Home Laddies gathered at the Home dining hall Friday night to pay tribute to the football team that has won the District 20-B championship for the past two years.

Dr. Ervin B. Bohmalk, pastor of the First Methodist church here, brought the main speech on "Recovering the Fumble."

The Laddies presented gifts to Coach A. H. Asby, Walter received a gold wrist watch, and Asby a fine pen and pencil set.

Practically the entire enrollment of the Home and administrative personnel were on hand in the huge dining hall, which had been decorated in green and white, the school colors, with a football motif prominent in the decorations.

"It is no disgrace to fumble the ball," Bohmalk told the crowd, "but it is a disgrace if you don't react to it as a man should."

Drawing an analogy between football and the game of life, the pastor advised those who fumble to "look at yourself and see what it was inside you that brought about the fumble."

"These fumbles can bring out the best that is in us," he went on. "It is the hardship of life that makes us successful."

"I want to pay tribute to one of the most impressive records of any institution," Bohmalk said in reference to the long Lad string of victories. "I think it should go to the boys, the faculty and the institution."

Lad Record.

The Lad football record through the 1949 season consists of two district championships during the past two years, and one regional crown.

During the past five years the teams from the local Home have won 47 games and lost 3.

J. N. Garitty, a booster of the Lad football team, presented a trophy to the team that he and Mrs. Garitty were to pay the expenses of Leon Hambrecht, prominent Lad Boy Scout, to the Jamboree at Valley Forge, Pa., on May 30.

The trophy was made in the form of a reward to the football team.

Garitty, for whom Garitty Field at the State Home is named, said that "we thought you boys would appreciate this more than some other token."

W. C. Murdock, assistant superintendent at the Home, was the master of ceremonies. He expressed thanks to the band and the pep squad and the directors of the two groups for their fine work in support of the football team during the past season.

He introduced the special guests, among which were Mrs. Moyne Kelly, Mr. and Mrs. A. G. Galt, Mr. and Mrs. Talmadge Canant, Dr. and Mrs. L. E. Kelton, Mr. and Mrs. Tom Paschal, Mr. and Mrs. Bugs Paschal, the Garittys, and others.

Presents Gifts.

Tommy Gordon, co-captain of the Lad team presented the gifts to the coaches. Waller, in responding, said that "I stood by while you boys won two district championships. In fact, I still think you won two regional championships."

Asby thanked the team for "letting me go along," and congratulated it on its fight and spirit.

Dr. Ervin Bohmalk, the other co-captain of the Lad team, introduced each member of the State Home football squad, giving information about each and a brief resume of his football career at the Home.

E. Dumas, superintendent, introduced Dr. Bohmalk.

## Bulldogs Cop Ninth Straight Game; To Play Lon Morris Here Tonight

Navarro's Bulldogs made it nine straight victories for the season Friday night with a 54-45 victory over the Kilgore Rangers in the Kereens gymnasium.

Along nearly all the way, the Bulldogs were in the lead, and the bench in the latter stages of the return game with the Gregg county contingent. Navarro won from Kilgore last week, 52-50 in Kilgore.

Undoubtedly Navarro's hardest game of the season will be tonight, when they meet the flashy Lon Morris quintet on the Junior High court at 8 o'clock.

Lon Morris has lost two games this year, one to Tyler's Apaches and the Lamar Junior College, two of the best junior college quintets in the state of Texas.

"Lon Morris has a good club, but we have a bunch of hustlers and we'll try to give them a good game," Coach Ken Clark said of tonight's game. Navarro and Lon Morris are tied for the east zone lead at the moment.

The Kenners brothers were "hot" Friday night against Kilgore. John Kenner sank seven field goals and six free tosses to take high scoring honors for the night with 20 points. Gerry Kenner came in next with 16 points, and Ted Darland third with nine.

Navarro led at half time 28-17. The second string members turned in good performances during the game, Clark indicated.

Kerens contested the Kemp High school quintet, 21-20, in the curtain raiser before the Navarro-Kilgore game.

## Bell Countians Cinch Victory Late In Contest

Local B Squad Wins Curtain-Raising Battle, 35-27

By JAIL MOORE, Sun Sports Staff.

Temple Wildcats outlasted the Bengals in a not-to-contested District 13-A battle at the Junior High gym court Friday night to win, 35-27. The Tiger B squad won 35-27 in the curtain-raiser.

The score was tied a half dozen times during the torrid tussle after the Wildcats pulled away to a decisive lead early in the game.

Temple was leading, 9-3, at the end of the first quarter, but the scrapping Bengals staged a fine comeback in the second period and were able to penetrate the sterling defensive screen put up by the visiting crew. Corsicana scored 14 points during the second period, including three sensational fielders by Walter Bond, and led at the half 17-15 when the Tigers held the Bell countians to six points.

The Bengals scored 11 points in the third while Temple trailed with 10, but the final count told the tale—Temple scored 11 points while Corsicana managed to connect with only one. Corsicana could not gain the half late in the game as the visitors played for the clock to run out and the final point was made by Strausberger no a foul to give him a tie for high scoring honors.

Bobbie Galt of the Junglebeats, Galt looped a fielder and Charles Roy Bristow converted a free shot for the only Tiger scores in the first period as the Felines flashed a tough defense.

Pace and Rose looped two pointers while Allman, Pace and Green contributed free shots.

Temple's ability to convert free shots actually spelled the difference since Corsicana shot one field goal more than the visitors, although the Temple crew converted 12 free shots to seven for Corsicana.

Corsicana's performance in the second period kept the large crowd cheering. Scorers were Galt, Bristow, Bond (3), field goals and Johnny Crawford, Galt, Langston and Kenneth Stongall, free throw.

Tiger tally-makers in the third included Galt (3), Bond and Langston, field goals; Bristow, a free one. Temple scorers were Galt, Bristow, Bond (3), field goals and Johnny Crawford, Galt, Langston and Kenneth Stongall, free throw.

Herbert R. Pohl, golf professional at the local Country Club since February of 1949, will take the place of the late Mr. Rivercrest Country Club in Fort Worth, he revealed Saturday.

The young pro will assume his duties at the Fort Worth club on February 27. He will be assistant to A. C. Mitchell, head pro at the huge Cowtown layout.

Pohl expressed enjoyment at the association with the club and the members at Corsicana. Though the terms of the new job were not announced, he indicated that it was a very attractive offer which he felt he could not decline.

The Rivercrest club is one of the largest ones in the southwest. H. P. Pohl, manager of the Country Club here, said that it was not likely that a successful young pro like Pohl would be named before sometime in the forthcoming summer, although definite plans of the club were not known.

Ennis Lions 1950 Grid Schedule Is Announced Friday

Ennis High School Lions football club will play six games on the Ennis gridiron this season, according to the schedule announced by Coach Murry Byrd, Friday.

One more game is desired by the Ennis countians.

The schedule:

Sept. 15—Arlington at Ennis.

Sept. 22—Ennis at Greenville.

Sept. 29—Weatherford at Ennis.

Oct. 6—Fort Worth Tech at Ennis.

Oct. 13—Open.

Oct. 20—Open.

Oct. 27—Waxahachie at Ennis (District).

Nov. 3—Temple at Ennis (District).

Nov. 10—Ennis at Waco (District).

Nov. 17—Hillsboro at Ennis (District).

Nov. 24—Ennis at Corsicana (District).

Nov. 30—Ennis at Corsicana (District).

Dec. 7—Ennis at Corsicana (District).

Dec. 14—Ennis at Corsicana (District).

Dec. 21—Ennis at Corsicana (District).

Dec. 28—Ennis at Corsicana (District).

Jan. 4—Ennis at Corsicana (District).

Jan. 11—Ennis at Corsicana (District).

Jan. 18—Ennis at Corsicana (District).

Jan. 25—Ennis at Corsicana (District).

Feb. 1—Ennis at Corsicana (District).

Feb. 8—Ennis at Corsicana (District).

Feb. 15—Ennis at Corsicana (District).

Feb. 22—Ennis at Corsicana (District).

Feb. 29—Ennis at Corsicana (District).

Mar. 6—Ennis at Corsicana (District).

Mar. 13—Ennis at Corsicana (District).

Mar. 20—Ennis at Corsicana (District).

Mar. 27—Ennis at Corsicana (District).

Apr. 3—Ennis at Corsicana (District).

Apr. 10—Ennis at Corsicana (District).

Apr. 17—Ennis at Corsicana (District).

Apr. 24—Ennis at Corsicana (District).

Apr. 30—Ennis at Corsicana (District).

May 7—Ennis at Corsicana (District).

May 14—Ennis at Corsicana (District).

IN GERMANY—Staff Sgt. Marvin D. Phillips is now stationed at Southport, Germany, with the 510th A. He is the son of Mr. and Mrs. W. C. Phillips, 1515 West Collin street. Re-enlisting for overseas duty in September 1949, he sailed for his present post Nov. 3, 1948. The non-com expects to remain in Germany until June, 1951.

## Waco Tigers Grid Schedule Shows Six Home Games

Waco Tigers play six games at home in 1950 and four on the road.

Coach Car Price has not decided when spring training will open, but will make that decision later, depending on the status of the basketball squad next month.

It is expected the spring grid training will begin late in February.

The schedule:

Sept. 15—Austin at Waco.

Sept. 22—Bryan at Waco.

Sept. 29—Waco at Marshall.

Oct. 6—Highland Park at Waco.

Oct. 13—Sherman at Waco.

Oct. 20—Open.

Oct. 27—Waco at Corsicana (Dist.).

Nov. 3—Waco at Hillsboro (Dist.).

Nov. 10—Ennis at Waco.

Nov. 17—Waco at Waxahachie (Dist.).

Nov. 24—Temple at Waco (Dist.).

Nov. 30—Waco at Hillsboro (Dist.).

Dec. 7—Waco at Hillsboro (Dist.).

Dec. 14—Waco at Hillsboro (Dist.).

Dec. 21—Waco at Hillsboro (Dist.).

Dec. 28—Waco at Hillsboro (Dist.).

Jan. 4—Waco at Hillsboro (Dist.).

Jan. 11—Waco at Hillsboro (Dist.).

Jan. 18—Waco at Hillsboro (Dist.).

Jan. 25—Waco at Hillsboro (Dist.).

Feb. 1—Waco at Hillsboro (Dist.).

Feb. 8—Waco at Hillsboro (Dist.).

Feb. 15—Waco at Hillsboro (Dist.).

Feb. 22—Waco at Hillsboro (Dist.).

Feb. 29—Waco at Hillsboro (Dist.).

Mar. 6—Waco at Hillsboro (Dist.).

Mar. 13—Waco at Hillsboro (Dist.).

Mar. 20—Waco at Hillsboro (Dist.).

Mar. 27—Waco at Hillsboro (Dist.).

Apr. 3—Waco at Hillsboro (Dist.).

Apr. 10—Waco at Hillsboro (Dist.).

Apr. 17—Waco at Hillsboro (Dist.).

Apr. 24—Waco at Hillsboro (Dist.).

Apr. 30—Waco at Hillsboro (Dist.).

May 7—Waco at Hillsboro (Dist.).

May 14—Waco at Hillsboro (Dist.).

May 21—Waco at Hillsboro (Dist.).

May 28—Waco at Hillsboro (Dist.).

Jun. 4—Waco at Hillsboro (Dist.).

Jun. 11—Waco at Hillsboro (Dist.).

Jun. 18—Waco at Hillsboro (Dist.).

Jun. 25—Waco at Hillsboro (Dist.).

## Junior College Five Has First Loss Of Season

Jackie Henderson Hot As Stove Lid, Rings 30 Points

By TALMADGE CANANT, Sun Sports Staff.

Don Morris took over the lead in the east zone of the Texas Junior College conference game when it dawned the Navarro Bulldogs 87-69 here Saturday night.

## Free School Food Not To End, Says Corsicana Agent

Shipment of surplus commodities for use in school lunch rooms will not be stopped as erroneously reported in recent news stories originating in Dallas.

This was made clear Friday by District Food Distribution Agent J. C. Watson after a communication from government officials.

Certain perishable commodities will not be shipped from Dallas, Watson explained, but otherwise shipments will be made in the usual manner.

The report was out that the government had "halted" shipment of surplus goods to school lunch rooms.

Actually what was done is this: School lunch foods that are perishable and surplus will not be shipped unless the school pays the freight bill. Certain foods were placed in this category, known as "section 416 foods."

These foods have been determined as yet, except potatoes. It was announced that potatoes henceforth would be shipped subject to the receipt of payment of freight charges.

Other foods are expected to be taken from the government's other two sections—32 and 6—and placed in section 416, Watson said.

The government's action regarding potatoes, however, will have little effect on Navarro county and the five other counties served through Watson's district distribution office.

And here's why: The district has four carloads of potatoes in Corsicana now ready for distribution and three carloads in Dallas—all received freight-free prior to the government's new regulation.

It is possible, though, that lunch prices in schools may be more if potatoes should have more food be placed in the same class with potatoes, Watson said.

Among the foods expected to be shipped along with potatoes are consequently shipped at the school's expense—are dried beans, dried fruit and apples. But this is not known as yet.

The whole thing means we'll have to pay the freight on certain goods from where they're stored," reported Watson. He added that the commodities still will be available for shipment.

Commodities served from the local distribution agency are Navarro, Ellis, Henderson, Dallas, Kaufman and Van Zandt.

There are 17 agencies in the state.

## School Teachers Receive Census Bureau Handbook

The United States Bureau of Census has distributed a "We Count in 1950" to school teachers in all parts of the nation for classroom use in conducting a study course on the 17th decennial census. The handbook, which is a part of the federal census prepared for teachers in elementary and secondary schools, the publication has been issued by the census bureau with the joint sponsorship of the National Council for Social Studies. Consultants from the National Education association and the federal office of education assisted in planning the census study project.

The booklet gives the census-taking in the United States, describes the work of the census bureau and the use made of census statistics, and suggests classroom activities for both elementary and high school pupils.

## 8 Graduates Given Diplomas In Short Ceremony Friday

Eight Corsicana High School seniors were awarded diplomas at a mid-term commencement program Friday at 5 p. m. in the CHS library.

Consisting of five boys and three girls, the graduating class received diplomas from Mrs. H. R. Stroube, president of the board of education.

Chief talks were given by Sept. W. H. Norwood and High School Principal R. A. Armistead.

The graduates are: Deloris Ford, Dorothy La Verne Orr and Ida Pauline Thompson; Jessie Fred Jacobs, William Raymond Jordan, Johnny Travis Puckett, Donald David Washburn and Charley Ray Long.

**BETROTHAL REVEALED**—Mr. and Mrs. Will M. Taylor announce the approaching marriage of their daughter, Miss Jewel Taylor, to Joe Hodges of Odessa, son of Mrs. Ella Hodges of Stillwater, Okla. The wedding will take place at First Baptist Church at 8 P. M. on February 11.

## All Dressed Up—

## Methodist Parley Reveals Problem Of Getting Today's Youth Inside Church

By CLYDE E. JOHNSON  
Daily Sun Staff

Getting a youth to church is proving difficult in this fast-changing world of social revolution, delegates from ten Methodist church conferences were told at the opening session of a three-day seminar here Friday.

"We get them all dressed up—and no place to go," commented Rev. Earl Cunningham of Nashville, Tenn., who is director of leadership education.

Needs of youth—the way they're thinking now—days—and the kinds of adult counselors necessary were aired by an interracial group of over 40 representatives from three states.

The delegates, ten of them negroes, arrived in Corsicana Friday from conferences all over Texas, West Oklahoma and Louisiana.

Following a dinner at 6 p. m. in the First Methodist church educational building, Cunningham opened the seminar by asking the question: "Why is it important that we have trained adult workers with youth?"

Here are some of the answers presented by negro delegates:

"I think it is important because youth is much more complex now than in the past generation. Youth must be prepared to live in a different world—a world of social revolution, family disorganization, moral issues."

Another said: "The population is so much more urban, and many youths are not adjusted to urban society."

One suggested that among youth there exists a "conflict of distinguishing the good and there is a need of guidance to thwart confusion."

A negro pointed out the need to "make our teaching relevant to the time in which we live."

Other comments on the need of trained adult workers brought out divided homes which create insecurity, the necessity of teaching more about how to live now—not tomorrow—the realization that youth today is thinking, and better understanding of youth.

Cunningham's next question was "What kind of adult worker do we need?"

The response emphasized that counselors must love and understand youngsters, be trained, have faith in God, possess a sense of humor, and have individual interests in youth groups.

Cunningham quoted results of a church poll which stressed the lack of competent youth leadership that understands youths and their complicated lives.

"In recent years," said the minister, "youth has found itself searching for spiritual calm" because of the war and postwar readjustment period.

Parents, the school and church should co-operate more fully in developing the spiritual life of youth, the delegates agreed.

At one point, Cunningham intimated strongly a wish for religious training in schools, because Christian education has been dropped by schools and homes and left up to the church entirely.

Following the discussion, a movie on "Student Teaching," a movie of competent youth leaders, was shown. It stressed understanding of mal-adjusted youths, presented a diagnostic approach and finally a remedial program.

At the end of the seminar, delegates were given a wish for religious training in schools, because Christian education has been dropped by schools and homes and left up to the church entirely.

## March Of Dimes Coin Card Goes To Navarro Kids

The 1950 edition of the March of Dimes "coin card" for school children has been distributed in Navarro county, Embury Ferguson, county campaign director, announced Friday.

The coin cards were distributed by the March of Dimes School Committees in co-operation with school officials.

"This year," said Ferguson, "The National Foundation for Infantile Paralysis is emphasizing the participation of school age groups in the March of Dimes."

In a direct appeal to parents, Ferguson said "When little Johnny comes home with his March of Dimes school card, please encourage his interest in the drive. Help him understand what it is and why his contribution is important."

Ferguson pointed out that, while polo is showing a recent trend toward afflicting a greater number of adults, it still takes the greatest toll among children under 15.

Regular parties of Sunday school given at Kerens.

KERENS, Jan. 20.—(Sp.)—The Dorcas Class of the First Baptist church held its regular monthly social Jan. 17 in the home of Mrs. Clint Baxter with Misses Oma and Violet Jackson and Mrs. T. G. Griffin as co-hostesses. Pink gladiolus at vantage points in the living room added to the attractiveness of the gathering and made a pleasant setting for the interesting program presented by Mrs. Milton O. Davis.

Continuing the study "Outstanding Women of the Bible and History," Mrs. Davis chose "Rachel" for the character of her story. Fourteen members and one guest, Mrs. J. F. Scarborough were present.

Mrs. J. K. McCarter and Mrs. Clifton Gones served as hostesses when the Easter class of the Baptist church met Tuesday night in the McCarter home.

Mrs. Jack Jones, class president, conducted a business session, and contributions to the March of Dimes campaign and the McRoy fund were made.

Mrs. Tom Washburn led the program using a story to show the value of "Good New Year's Resolutions." Several songs by the entire group were sung.

Rev. E. Valentine, pastor of the A.M.E. Methodist (negro) church here; Rev. Joe Bell, Nashville, Tenn.; and a dozen or more conference youth directors.

A worship period was held Saturday morning, and in the afternoon work groups were to be set up. The 7:30 p. m. Saturday topic will be "How to Understand and Work with Adult Workers."

The seminar will end Sunday afternoon.

Mrs. R. S. Reading Funeral Services Held Saturday

Funeral services for Mrs. R. S. Reading, who died late Wednesday, were held from St. John's Episcopal church at 8:30 a. m. Saturday. Rites were conducted by Rev. William Acosta, rector. Burial was in San Antonio.

A native of Waco, Mrs. Reading formerly resided in San Antonio. The family had been in Corsicana 14 years.

Surviving are her husband, R. S. Reading, Corsicana district manager of the Lone Star Gas Company; a son, E. E. Reading, Dallas; a daughter, Mrs. D. B. Thrift, San Antonio; a grandson, five sisters, Mrs. Beulah Buggs, Groesbeck; Mrs. D. S. Johnson, San Antonio; Mrs. Frank Reipinger, Woodward, Okla.; Mrs. Ellen Ludlow, England; and Mrs. Kate Scott, Del Rio, and other relatives.

## University Of Texas Coach Main Speaker; Awards Are Presented

BY DON J. MORRISSEY,  
Sun Sports Staff

Some of the inside on recruiting university athletes was revealed by the University of Texas line coach, Ed Price, at the annual Rotary club banquet for the Navarro Junior College football team, held at the Corsicana Country Club, Thursday night. The Sam Daiches' awards to the best back and lineman were presented, and the 140 in attendance saw a color movie of the Texas-Baylor football game.

Price, a former Corsicanan, said a school's athletic participation is not the only extra curricular program offered, but it was one of the best to develop and train the male students.

Speaking of the senior schools he said: "The great man hunt is on. The senior colleges are looking over junior colleges and high schools for men who will be playing in the next few years."

The Daiches' award went to Billy Hopson, voted the best back, and to James Bradley, chosen as the best lineman. The recipients were voted the trophies by their teammates.

The Daiches' basketball trophy for the most outstanding NJC basketball player of this season was shown. Abe Goldberg announced the award winners and presented the trophies.

Recruiting athletes. Leading into his talk on the recruiting of athletes, Price spoke about the recent trouble within the AA. He said the dissection arose not from recruiting, but in the methods used and the amount of subsidy offered.

"Recruiting," he said, "is an old custom. Even churches resort to this method when they have a vacancy to fill. They offer all they can for the best man to fill the pulpit."

Price said the interesting of athletes to a certain school involves two things, recruiting and subsidy. In recruiting, we get a boy to visit the school so he can look it over, study the courses offered and meet those he'll be associating with. Ex-students do a big part in getting athletes interested in the various schools.

"This is 90 per cent of the program," he said.

The subsidy, scholarship, grant in aid or athletic scholarship is secondary in nature," he added.

He divided the subsidies into two classes—one-year and four-year scholarships.

The first plan, he explained, is offered a boy and the athlete is not required to aid the athletic program during the first year. But he added, he must make good in the athletic field he has chosen in the remaining years—that is contribute to the program—or the grant stops.

"Very few boys, given one-year grants in the Southwest conference are ever dropped," he stated.

The four-year plan, where the athlete is guaranteed his education, is the most popular, he said, and more and more schools are coming to it.

"You can understand that these youths are carefully selected and thoroughly looked over before a scholarship is offered," he added.

Price said when a boy is contacted to enroll in a school he is advised to choose a school in which he can get an education in the field he is interested in.

And also, that the boy is urged to attend a school in his home state or the state where he intends to live after graduation.

"There's no sense in having a boy go to school in one state and then settle in another. He'll lose all the friends and contacts he has made," Price explained.

A college, the line coach said, is interested primarily in an athlete who will "stay the route." The day of the tramp athlete is over.

Bulldog Squad. The following members of the football squad were introduced: Wayne Autrey, Charles Blissett, James Bradley, Jack Brown, Jerry Caton, L. Chandler, Billy Ray Clark, Raymond Crouch, Ted Dillard, Clay Davis, Glenn Deavers, Bobby Earl, Orville Elliott, James Fuller, Richard Gaines, Don Granger, Wilburn Guthrie, Curtis Hines, Billy Hopson.

Ed Ray Lawrence, Bill McGraw, Dan McLeod, James Miller, D. L. Orr, Harold Prestige, Bill Reed, and others.
